About

Spread over about 112.5 acres of land, the Indian Institute of Management Kozhikode, is situated on two hillocks in the Kunnamangalam area of the ancient city of Calicut in Kerala, India. Boasting of one of the most picturesque and oxy-rich campuses in the country, the world class infrastructure includes air-conditioned classrooms, guest care areas and Wi-Fi connectivity which enables every IIMK resident to be exposed to a wholesome experience.

The ancient and historical city of Kozhikode (earlier known as Calicut), located in the southern most part of the country, made history when Vasco Da Gama landed here for the first time around 500 years ago. Trade, Commerce, Business Corporate and the Industry have varied as well as rich tradition and a vast history in the Indian

sub-continent, yet there are no business history museums or archives attempted/ created so far in India. All these vouched the dire need for a national Business History Museum for India. IIM Kozhikode takes pride in having created a national Business History Museum which is first of its kind, unique, monumental and a significant step in acknowledging the contribution of India's business leaders in the making of India. The Business History Museum of India houses the various theme-based sections such as the ancient, medieval, colonial, pre-independence, post-independence, business sector, public sector, banking sector, technology sector, individual contributors, makers of modern India etc.

Doing Business In India

PROGRAM OVERVIEW

This will be a two-week, 36-hour summer course, conducted by the IIMK faculty for international participants. This will introduce the participants to businesses in India, their distinctive features and various aspects of doing business in the country. The course will also involve two industrial visits to the business capital of Kerala – Kochi, so that the participants can experience first-hand, some of the aspects that are discussed in the lectures, besides getting a chance to explore one of the picturesque regions of Southern India, with its own rich cultural history. Two visits offering the cultural flavour of India will also be a part of the course.
