NEET UG Counselling Procedure for State Medical Private Colleges

The NEET UG counselling for state medical government colleges is conducted by the respective state authorities. Each state follows a similar process but may have specific variations in the details. Here's a comprehensive overview of the counselling process for various states, including flow charts and key steps.

Registration

- Visit the official website of the state counselling authority.
- Click on the 'New Registration' link.
- Enter required details like NEET Roll Number, Application Number, Name, Date of Birth, and Security Pin.
- Pay the registration fee online.

Choice Filling and Locking

- Log in to the state counselling portal using credentials.
- Fill in choices of colleges and courses as per preference.
- Modify and rearrange choices if needed.
- Lock the choices before the deadline.

Seat Allotment

- The state authority processes the seat allotment based on NEET rank, choices filled, reservation criteria, and availability of seats.
- The result of the seat allotment is published on the state counselling website.
- Download the allotment letter from the portal.

Reporting to Allotted College

- Report to the allotted college with the allotment letter and required documents.
- Complete the admission formalities at the college.
- If satisfied with the allotment, complete the admission process.
- If not satisfied, participate in the next round of counselling.

Subsequent Rounds (Second Round, Mop-Up Round, Stray Vacancy Round)

- Fresh registration for new candidates.
- Already registered candidates can directly proceed to choice filling.
- Follow the same procedure as the first round for choice filling, locking, and seat allotment.

Step	Description	Timeline
Registration	Online registration on the MCC website	June-July
Choice Filling and Locking	Fill and lock choices of colleges and courses	July
First Round Seat Allotment	Allotment of seats based on NEET rank and preferences	July
Reporting to Allotted College	Report to the college with documents	July-August

Why Choose Us?

Our NEET counseling approach is uniquely tailored to each student. We don't believe in a one-size-fits-all method; instead, we carefully analyze your profile, preferences, and goals to provide customized guidance that maximizes your chances of success.

Extensive Experience

With over 11 years in the industry, our team at TAB India has honed its expertise in NEET counselling. We understand the intricacies of medical admissions and are adept at navigating the challenges to ensure our students get the best possible outcomes.

Proven Success

Our track record speaks volumes. We have successfully guided over 14540 students to secure admissions in reputed medical colleges. This success is a testament to our effective counselling strategies and deep understanding of the admission process.

Comprehensive Database

Our extensive database includes details of 2,471 colleges and hospitals, enabling us to provide precise and comprehensive information to our students. This vast repository helps us offer tailored advice that fits the unique profiles and preferences of each student.

Personalized Guidance

We believe in the power of personalized attention. Our one-on-one counselling sessions are designed to address the specific needs and goals of each student, ensuring they receive the guidance that best suits their individual aspirations and academic profiles.

Data-Driven Decisions

Our services, such as the NEET College Predictor and Cutoff Comparison, leverage data to provide accurate and reliable insights. By analysing past trends and current data, we help students make informed decisions about their future.

Supportive Community

Joining TAB India means becoming part of a supportive community of aspiring medical professionals. Our network of registered users and alumni provides additional resources, peer support, and motivation, making the journey to medical school a collaborative and enriching experience.
