### The college library is enough large.

**Placements:** Campus observes and adapt to the way class participants change and improve. Then, we teach them to put it all together to break through performance. Almost 60% of the students were placed at that time Visited Companies Samsung, TCS, IBM, HP, HCL, Perot, Symphony Teleca, Wipro, Infosys, etc.

**Infrastructure:** The Hostel and infrastructure are very well. There is an availability of rooms where we can choose

from 4 sharing 6 sharing, executive apartments inside the campus and outside. Meals are good as there we can find different varieties of meals which students could find their own taste. There is an option which we can go for special food. For choosing special foods and executive apartments there will be a change in fee structure. Hostel Fee is INR 25000 per year.

**Faculty:** The Course structure was quite good and it will facilitate students to specialize in more than one stream of specialisation. A student, however, can choose such combination that will help him / her to have dual specialisation depending on the courses offered in the specialisation scheme. Class size is 66 course fees is INR 175000 per year.

**I am not at all satisfied with the college because they don't provide the .**

**Placements:** I am a student of Koshys College but I am not at all satisfied with the college facilities. Only a few % of students are placed, and are working as delivery boys for some restaurants like KFC, Burger King, etc. The college offers add on courses like BCA and does not teach enough.

**Infrastructure:** There are lots of classrooms and 2 computer lab and also 1 audit hall but they aren't providing Wi-Fi for the students. Library is available and 5 other computers are there in library and also the college has canteen facilities and some private cafes are there. There is also a football ground and a basketball court.

**Faculty:** Some teachers are good and well qualified but the teachers do not have feelings for students and they don't want to help students to get better. The teaching quality is based on the teachers, some are good and some are poor, Sem exams aren't much tough except 1 or 2 subjects.

**Our college is good and has good infrastructure.**

**Placements:** About 60% of students got placed in our course. The average salary package offered is 3 LPA. The top recruiting company is Flipkart. Many students got placed in our college. They are satisfied with their placements. Our college offered very good top roles. Our college does not provide internships.

**Infrastructure:** The infrastructure of our classrooms is good to study. Labs are good. The hostel provides south Indian food. It is very tasty. Medical and sports facilities are good.

**Faculty:** All teachers in our college are very helpful. They guide us well. They are very well knowledgeable. The course curriculum is good and students like to learn very well. Exams are moderately difficult. It is easy to pass every exam.

**Other:** It is an average college.

**It gives enjoyable student life along with academics.**

**Placements:** Placement assistance is provided to students. The salary packages offered by companies ranges from

3 LPA to 3.7 LPA. Allegis, NoBroker, eMudhra, etc., were few companies offering placements this year. Majority of students got assistance from college in 3rd semester regarding internships.

**Infrastructure:** Our college offers Wi-Fi. But in the hostels, it is provided for laptops, not for mobile phones. Our campus is equipped with a good library and classrooms. Hostels offer separate buildings for boys and girls that contain heaters, 24 hours water, and power backup till 11 PM. Food served is not great but acceptable.

**Faculty:** Teachers in our college are friendly and helpful. They give relevant examples while taking classes that help students to understand better. Our college conducts experiential learning, market analysis & marketing, and business competitions that help students mold themselves professionally. Exams are not tough as teachers help students a lot with preparations.

**Other:** Students should do master's to grow in their career.

### Review of Koshys Group of Institutions.

**Placements:** IT field technician, cloud computing security, ethical hacker, software developer, software developer trainee, IT executive, programming assistant, digital marketing executive, cyber security analyst, technical support engineer, data scientist, etc., roles are offered.

**Infrastructure:** Classrooms, labs, library, Wi-Fi on campus, and a good atmosphere are available. Cultural and art programs are fantastic. A large number of devices are available in labs.

**Faculty:** Teachers are very helpful and good at teaching. They always support students to have a bright future. Their teaching quality is excellent, and they always make sure that every student understands well. Exams are very useful, and attendance is most important in the college.

**Other:** I chose this course because they offer many add-on programs along with BCA in which we can find a large number of job-oriented courses.

### I enjoyed my academic years at this college and wish the best to all the students who come here.

**Placements:** We get good job offers from recognised companies. The salary package offered is 5 LPA. Jaguar and upGrad are some of the companies that recruit from our college. About 60% of students got placements. The top role is HR manager.

**Infrastructure:** We have Wi-Fi on campus. There are cricket tournaments and football leagues. We have good opportunities for students who have a good interest in sports. We have a computer lab, a football field, a basketball court, and an indoor games room with table tennis and chess tables. Hostel food is fine in comparison. We get non-veg three days a week.

**Faculty:** Faculty members are friendly. They make sure we understand the topics. The curriculum is relevant. Compared to other universities, semester exams are easy. It wasn't that difficult for me to understand the syllabus. The pass percentage is 35. Faculty members in our college are well experienced. Only a few professors are freshers.

**Disclaimer:** This PDF is auto-generated based on the information available on Shiksha as on 23-Dec-2023.

**Other:** I decided to take BBA because it had many placements and opportunities.

**Overall, it is a fine college with needed facilities.**

**Placements:** About 30% of students were placed in our course. The highest salary package offered was Rs. 60,000 per month, the lowest was Rs. 15,000 per month, and the average was Rs. 30,000 per month. Top recruiters are Microsoft, Google, Jaguar, upGrad, NoBroker, etc. About 20% of students got internships from our course in NoBroker, upGrad, etc. Top roles offered are HR manager, sales executive, and manager.

**Infrastructure:** Classrooms are neat and good. There is Wi-Fi, but labs, the library, etc., are unavailable. Hostel rooms are neat and tidy. Food is moderate. Medical facilities, sports, and games are provided. The room will be cleaned every day by workers. There will be non-veg on four days in a week.

**Faculty:** The teaching quality is good. The curriculum is relevant. It's not that tough to study. We can crack exams easily. There were some teachers that we felt weren't good for us to understand and study, but the management has changed the problem. Faculty members are qualified and good at teaching.
