Placements

Manjushree Institutions has an independent placement office that offer information, advice, guidance and support for aspiring students with well equipped board room for interview and counselling.

Placement cell regularly conducts training, written test, group discussion pre placement talk to enhance students potential effectively. It plays vital role in guiding students to their successful career.

Placement cell creates a bridge between Nursing Students and interacts with reputed Hospitals in order to identify their requirements and mould the students to meet the industry standards.

Many of our students have been appointed and working in well reputed hospitals, Health Care Centers and Institutions in India and Abroad.

We assure 100% placement guarantee after the successful completion of the course. Many of our students after successfully completing the course are perusing their jobs in various hospitals.

and many more
