75 Glorious Years of

“Empowering through Education”

Admission Brochure

2023-2024

BACKGROUND OF THE INSTITUTION

Mount Carmel College founded in 1944 by the Carmelite Sisters of St. Teresa in the state of Kerala in Trichur (under the title of Carmel College) affiliated to Madras University, broke new ground by shifting to Bangalore in the year 1948 to meet the increasing demand for women's education.

Initially affiliated to Mysore University it later became an affiliated college of Bangalore University in 1964. In largely uncharted waters this minority institution that was originally intended for Catholic students opened its doors to those of all castes, creeds and communities, thereby fulfilling its mission of empowering women and equipping them with knowledge and strength of character, to transcend narrow concerns and work tirelessly towards the vision of a better and more egalitarian world. The college has grown and diversified over the years demonstrating its sensitivity to the ongoing global revolution.

An autonomous college since September 2005, Mount Carmel College was first accredited at the **5 Star Level in 1999, Re-accredited with an A⁺ in 2006, 'A' Grade in 2012** in its third round and **A⁺ in the 4th Cycle** of Accreditation by the National Assessment and Accreditation Council (NAAC). In 2006 University Grants Commission identified the college as '**College with Potential for Excellence**' (CPE). The Institution is consistently ranked among the top 20 colleges in India.

The college offers Undergraduate and Postgraduate Programs in Humanities, Sciences, Applied Science & Design, Computer Applications, Commerce and Business Studies. Today the college caters to the academic aspirations of over 7000 students.

At the Undergraduate Level, the college offers **eleven** programs in the faculty of Arts, **nineteen** in the faculty of Science and **eight** in the faculty of Commerce and Business Studies. The college also offers UGC funded **Vocational Degree Programs in Analytics and Hospitality & Tourism**. The college also offers four year integrated B.Ed. course in arts and science stream.

The number of Postgraduate Programs has increased from three under the affiliated system to **nineteen** under the autonomous system. The college also offers **four** evening Post Graduate Diploma Programs. The Centre for Extended Education (**CEE**) co-ordinates over 100 Certificate Courses offered by various departments.

The college has well established research facilities and state of the art laboratories which facilitate research culture both among staff and students. **Eight PG Departments** have been recognized as **research centres** by Bangalore University and IGNOU.

The college has been registered with the Department of Scientific and Industrial Research (DSIR) and is recognized as a Scientific and Industrial Research Organization (SIRO) by the Department of Scientific and Industrial Research, Ministry of Science and Technology, Government of India (Act 1988) in the year 2011.

The college plays a crucial role in entrenching a strong value system. The faculty today, makes optimum use of Information and Communication Technology (ICT). It has made a conscious effort to invest in facilities, hardware, and state of the art infrastructure and has made considerable advances in documentation and knowledge management.

In keeping pace with global changes the college has established a dynamic Internal Quality Assurance Cell (IQAC) to identify the strengths and weaknesses of the teaching-learning process which has helped the institution in its quest for excellence with emphasis on national and holistic development to confront the changing global standards and realize the objectives of the National Knowledge Commission.

VISION AND MISSION OF THE INSTITUTION

VISION

Empower students through value based, quality and integral education, to empower others especially the socially and economically marginalized and create a 'Civilization of Love'.

MISSION

- To promote a value based education.
- To contribute to the transformation of society through being socially conscious and responsible.
- To synergize women and the less privileged regarding their basic human rights.
- To promote inter-cultural and inter-religious harmony and concern for the human family.
- To facilitate leadership among the students enabling them to proactively involve themselves in social liberation.
- To provide quality, integral, vocational and career oriented education and create a climate for human and educational excellence.
- To work towards the integrity of creation and foster inter-connectedness, kinship and eco – justice
