SINDHI COLLEGE

Realise your Dreams !

ABOUT SINDHI COLLEGE

Sindhi College believes in empowering students who have strong tenacity, self-belief and aim in realising their dreams.

Sindhi College, Bengaluru was founded in 2002 under the auspices of Sindhi Seva Samiti, a philanthropic organization run by Sindhis with the motto "Service to Humankind." The Institution has grown astoundingly and is now regarded as one of India's premier educational institutions.

The institution's goal is to broaden the horizons in the field of teaching-learning by grooming and transforming young brilliant students into thinkers, researchers, and entrepreneurs seeking opportunities in the industry through holistic education and spirit of life-long learning.

The college is permanently affiliated to Bengaluru City University and it takes great care to enhance students' confidence and help them thrive in academics, career endeavours, and personal life. The institution has highly trained, motivated, and multi-faceted faculty members who help students to become academically competent, professionally outstanding, hardworking, and socially responsible individuals.

NAAC REACCREDITED (B++, CGPA 2.98) ISO 9001:2015 CERTIFIED UGC RECOGNIZED 2(f) & 12(B)

VISION

To nurture creativity, talent and performance by providing high quality education in a state-of-the-art environment and mould aspiring youth into future leaders.

MISSION

Merit and Sports Scholarships

“

Sindhi college is not just like any other college, it supports each and every individual to enhance the skills, no matter if it is in studies, cultural, sports or any other unique talent. Lecturers went beyond the professional duties to train students in subjects and general topics. These things made me to build a concrete foundation in life.

Pintu Singh,
Team Leader - Asset & Wealth, JP Morgan

“

The college gave me an excellent experience well beyond my satisfaction. The 3 years stint at the college, helped me to nurture and pursue my goals.

Akash Khandari
Machintosh Engineer - System Engineering, L&T Infotech
